

DEGREE OPTIONS

Specs Howard graduates are awarded credits toward an associates and/or bachelors degree at the area colleges and universities listed below.

The degrees available and the number of credits each institution accepts vary, so we recommend investigating a program thoroughly before making any decision. In some cases, additional credits are awarded for life experience or to graduates that have completed the Radio & TV Dual Concentration Program.

Transfer credit is granted by the receiving institution and may apply only to specific programs or courses. Amount of credit transferred may vary due to program changes or other conditions beyond our control. Please consult the admissions staff at the college of your choice and discuss transfer credits before enrolling or registering.
